

Protection:

Parameters	Setting range	Step value	Factory setting
Over-voltage action value	210V~280V	1V	250V
Undervoltage action value	120V~200V	1V	170V
Conduction delay	5S~600S	5S	15s

Specification:

Technical Parameter	ZHRV2-54T
Rated supply voltage	AC200V
Rated supply frequency	50/60HZ
Rated working voltage range	AC100V~400V
Action delay range	0.1s~ 10s
Phase failure and phase sequence	≤1S
Voltage measurement error	≤1%
Time delay error	±10%+0.1S
Knob setting accuracy	±1%
Rated insulation voltage	415V
Contact configuration capacity(A)	10A
IP class	IP20
Class of pollution	III
Electric life	10 ⁵
Machinical life	10 ⁶
Altitude	≤2000m
Allowable relative humidity	≤50%(40°C)(No condensation)
Contact Configuration Capacity(A)	63A 80A
Maximum load Power	13KVA(63A) 17KVA(80A)
